		Lecture	Tutorial	Practical / Practice		
Anthropology of Tourism - DSE-2	04	03	Nil	01	Passed 12 th	NIL

Learning Objectives

- Tourism is an important industry in India, valued and promoted by most of the states. Anthropologists have a close association to tourism, with an understanding of both the guest as well as the host community.
- The anthropology of tourism introduces the various aspects of tourism and anthropological approaches to it. It looks at the impact of tourism on the host community, its economy, culture, identity and ecology as well as how the experience of a culture can be transformative for the tourists also.
- Some of the key issues dealt in this paper are cultural aspects of tourism economy, cultural promotion and cultural preservation and its impact on authenticity and commodification of culture, fair and its management, ecotourism and sustainability.
- Types of tourism as well as well as leisure, culture learning, communication and promotion are explored in this paper.

Learning Outcomes:

The students should be able to

- ☐ explain the various aspects of tourism and the relationship between culture and tourism economy.
- ☐ place anthropology of tourism in relationship to other sub-disciplines within anthropology and allied disciplines like tourism management.
- ☐ identify those aspects of culture which can draw in the tourists, as well as allow the communities to express itself and promote their culture.
- ☐ use their skills to identify the best practices for sustainable ecotourism, mutually beneficial for the host as well the guest.
